\*The "Beat the Heat Sales Event" applies for the purchase of a Plantation or Coventry Home in the DFW Metropolitan area with an original contract purchase date of July 1 through July 31, 2016. After the loan closing on the home, Plantation or Coventry Homes will prepay \$2,000 ("Electric Credit") to the homebuyer's electricity service provider. The homebuyer must use TXU, Grayson County Co-op, CoServ and Reliant only. Only one electric service provider may be available. The prepayment amount is based on calculations for the estimated annual energy usage for a one story home with 2,000 square foot of air-conditioned space. All calculations are estimates and are not guarantees that the actual amount of energy used and the associated cost for 1-year will be equal to the Electric Credit provided. \*\*The "Guaranteed Heating and Cooling Costs for 2 Years" provides the original homeowner a two-year limited guarantee that the energy used to heat and cool the home will not exceed the Guaranteed Usage listed on the front of the Limited Guarantee subject to its terms and conditions. Only LEED Certified homes constructed after February 7th, 2011 are eligible for the heating and cooling cost guarantee. More details at [www.efficiencypromise.com](http://www.efficiencypromise.com).
